- **European Leader Contest**, organised by the Representation of the European Parliament in Bucharest, which we won.

- **Europe's Parade** is a competition meant to teach pupils the real values of democracy, diversity, tolerance, appreciation and respect for other cultures. It is organised by the County Council of Teleorman each year, on the 9th of May and all the high schools in the county participate. Besides the valuable input of information that pupils acquire during the project, they also have the chance to win the most wanted prize of the year: a trip to the country they represent during the parade. And we are proud to say that we have won this competition every year, since its debut in 2005.
