14:20 – 15:00	Discussion

"Developing Tomorrow's Cloud Education Leaders" is an Erasmus + Strategic Partnership project implemented by six organizations from Cyprus, Spain, Italy, Greece, Belgium and Romania.

In the era of fast technological and digital changes the adoption of Cloud System in Education will offer many advantages and potential benefits for learning, teaching, administration and management. Therefore, leadership, training and support systems are needed to help educators, keep up to date with the rapidly changing Cloud Computing system environment. **L-Cloud is designed to promote the leadership for change and has** developed Guidelines for Skills and Competences for Adaptive Education Cloud Leaders, has developed a Qualification Framework for Education Cloud Leaders and has designed a MOOC course for developing adaptive education cloud leaders with a Certification Programme.
